? Is the person or the team concerned about this Potential Risk Factor?

YES →

NO →

? Is the likely outcome of this Potential Risk Factor…
- **imminent harm (for the person or others),**
- **hospitalization,**
- **institutionalization,**
- **serious financial hardship,**
- **or legal action?**

NO → This is likely not a Serious Risk.

Consider if supports for this item (if any) need to be described elsewhere in the plan.

YES →

NO →

? Are there supports in place to address this Potential Risk Factor?

? Are these significant outcomes unlikely **because of** supports that are currently in place?

YES →   NO →

YES →   NO →

? Are these supports effective in preventing imminent harm?

NO → ✓ **This is a Serious Risk.**

Collaborate with the person to identify supports that would work for them.

YES →

NO →

? Are these supports individualized **AND** do they actively address a specific, known concern for this person?

YES – supports are in place SPECIFICALLY for this person (example: locking up chemicals because of person's history of attempting to drink window cleaner)

NO – supports are in place as a general precaution or support regularly provided (example: all chemicals are locked as a basic precaution in this home)

✓ **This is a Serious Risk.**

📌 This is likely not a Serious Risk.

Consider if supports for this issue (if any) need to be described elsewhere in the plan.
