Summary of Updates: ISP Form (SDS 4118)

February 2021 (2/2021) Release | For **Optional** Use

Pronouns

- 'Preferred Pronouns' has been updated to 'Pronouns,' as this connected with a person's individual identity.
    - Tip: The pronouns that the person wants others to use for them should still be selected in this section (he/his, she/hers, or they/them by using the radio button 'none selected').

Case Management Provider Selections

- The dropdown list of Case Management Providers has been updated to reflect current I/DD Case Management Entities in Oregon.

Technical Updates and Corrections

Technical Issue (in 7/2019 version)	Correction (in 2/2021 version)
Service Code SE49 OR004WE disappears after saving	Text remains after document is saved
'No known differences' checkbox does not save correctly	Checkboxes now save correctly. Text box reappears when 'no known differences' is unchecked
Purple help text beneath the 'Known risks' table cannot be hidden and creates extra white space while printing	Text can be hidden; blank space no longer appears when printing
Rows added to tables appear at the bottom of the table, instead of in the intended order	New rows within Desired Outcomes, Desired Employment Outcomes, 'Known Risks' Tables will now appear immediately beneath the + button when pressed.

Foster Care Service Codes

- Service codes were changed to 'Non-relative Foster Care - Adult DD 158' and 'Non-relative Foster Care - Children DD 258.'

Reduced File Size

- Changes were made to fonts and formatting to help reduce the overall file size.
